# Day-by-day programme

---

## Day 1 Ferry departure from Korsakov port

---

Ferry departure from Korsakov port to Shikotan island.

Important: meals on board are paid separately. Stock up on drinking water and snacks. Card payment is accepted on the ferry, but the connection can drop out — keep some cash to hand.

## Day 2 Arrival on Shikotan. Snezhkova Bay

---

Arrival on Shikotan island. The route starts from Krabozavodskoye village — a walking excursion to Snezhkova Bay across hilly terrain.

Route: demanding due to the hilly terrain. The round trip is 14–15 km. Outbound time around 2–2.5 hours, return up to 3 hours. The trail is easier with trekking poles. As you approach Shikotan, have your passport and border zone permit ready.

## Day 3 Cape End-of-the-World, Bezymyannaya Bay

---

Excursion to Cape End-of-the-World — the easternmost point on the available routes. Bezymyannaya Bay is the location where the film *The Life and Adventures of Robinson Crusoe* was shot.

Route: roughly 24 km return by transport, with up to 4 km on foot between the bays. The excursion lasts 6–7 hours. Bring trekking footwear, insect repellent and waterproof clothing.

## Day 4 Mount Shikotan. Sea crossing to Iturup

---

Ascent of Mount Shikotan — panoramic views over the island. Ferry departure from Malokurilskoye to Iturup island (Kurilsk).

Important: meals on board are paid separately. The crossing takes about 17 hours. Stock up on drinking water and snacks.

## Day 5 White Cliffs. Zharkie Vody thermal springs

Arrival on Iturup island. Jeep tour along the coast to the White Cliffs — one of the most striking spots on Iturup. Bathing in the Zharkie Vody thermal springs.

We recommend: swimwear, rubber slippers and a towel. If lunch cannot be prepared outdoors, it will be served at a café.

## Day 6 Kasatka Bay. Yankito lava plateau. Vannochki thermal springs

Jeep tour to Kasatka Bay — the mirror beach and Devil's Rock. Onward by jeep to the Yankito lava plateau. Bathing in the Vannochki thermal springs.

We recommend: swimwear, rubber slippers and a towel. In poor weather, bring a waterproof and rubber boots.

## Day 7 Local history museum. Baransky Volcano. Flight to Yuzhno-Sakhalinsk

Visit to the local history museum. Jeep tour to the foot of Baransky Volcano — turquoise lakes, fumarole fields and hot springs. Flight from Kurilsk to Yuzhno-Sakhalinsk.

Note: in the fumarole fields take great care — you can sink into the hot mud. Bathing is only permitted in springs at a suitable temperature. The exact departure time depends on the schedule. Bring swimwear, rubber slippers and a towel.

## Pricing

### Triple occupancy

**166 628 ₺**

per pax

Price per guest in a triple room

### Double occupancy
