## Day-by-day programme

---

### Day 2 Aniva Lighthouse and oyster lunch at Busse Lagoon.

---

#### ATTENTION!

While on board a vessel, you must observe generally accepted standards of conduct and avoid creating dangerous or threatening situations. A life jacket must be worn at all times; if you are prone to seasickness, take medication for motion sickness. During excursions, treat cultural and historical monuments with care and protect the environment.

The boat trip, part of the planned excursion, is entirely dependent on the mercy of the sea. In the event of poor weather conditions and an inability to put to sea, this part of the excursion — the boat trip — will be cancelled.

The funds for the cancelled portion of the excursion, amounting to 5,500 ₺, will be refunded through the agency (manager) through which the tour was booked. In this case, the «Gastro-tour at Busse Lagoon» excursion will be conducted instead.

#### RECOMMENDATIONS:

Aniva Lighthouse — on this route, while travelling by boat at sea, do not forget to bring a raincoat, hat and cotton gloves.

Oyster lunch: bring along your favourite wine. Oysters pair well with dry white wine, prosecco and brut.

### Day 3 Departure for Iturup Island. Jeep tour to the foot of Baransky Volcano.

---

ATTENTION! As the vessel approaches Iturup Island, prepare in advance the documents for disembarkation: passport and the documents authorising stay in the border zone (permit and contract).

ATTENTION! In the area of the turquoise lakes, safety precautions must be observed — stepping off the path can result in chemical burns. Bathing is permitted only in springs of a suitable water temperature.

RECOMMENDATIONS: on this route you should bring swimwear, rubber slippers, your own towel or sheet. A sheet can be hired for an additional fee at the guesthouse reception (250 ₺).

#### **Day 4 Jeep tour to Kasatka Bay. Jeep tour along the coast to Belye Skaly (the White Cliffs).**

---

ATTENTION! If lunch cannot be cooked outdoors due to weather conditions, lunch will be provided at a café.

#### **Day 5 Jeep tour to the Yankito lava plateau. Departure by ferry from Kurilsk.**

---

IMPORTANT INFORMATION:

- Meals on the ferry are paid for separately.
- Stock up on drinking water and snacks for the journey. Drinks may be purchased on board the ferry, but at considerably higher prices.
- Card payments are accepted on the ferry, but the connection may «lag», so always carry cash with you.

#### **Day 6 Arrival by sea at Shikotan Island (Malokurilskoye). Khromova Bay.**

---

ATTENTION! As the vessel approaches Shikotan Island, prepare in advance the documents for disembarkation: passport and the documents authorising stay in the border zone (permit or contract). ATTENTION! If dinner cannot be held outdoors due to weather conditions, dinner will be provided at the motel.

#### **Day 7 Snezhkova Bay.**

---

IMPORTANT INFORMATION: the route starts from the village of Krabozavodskoye. It is challenging because of the hilly terrain. The round-trip distance is 14–15 km. Travel time is approximately 2–2 hours 40 minutes outbound and up to 3 hours back. Walking the trail is much easier with trekking poles.

RECOMMENDATIONS: on this route it is advisable to have comfortable trainers or trekking footwear, mosquito repellent and, in the event of unfavourable weather, do not forget to bring a raincoat and waterproof shoe covers or rubber boots.

## Day 8 Cape End-of-the-World, Unnamed Bay (Bezmyannaya).

---

A round-trip distance of about 24 km is covered by vehicle, with a walk of up to 4 km between the bays planned on foot.

RECOMMENDATIONS: on this route it is advisable to have comfortable trainers or trekking footwear, trekking poles for those who use them, mosquito repellent and, in the event of unfavourable weather, do not forget to bring a raincoat and to wear waterproof footwear.

## Day 9 Mount Shikotan. Trip out to Dimitrov and Aerodromnaya bays. Departure by sea from Malokurilsk (Shikotan Island).

---

IMPORTANT INFORMATION: the excursion day is conducted by motor vehicle. Walking sections begin upon arrival at the excursion locations.

RECOMMENDATIONS: on this route it is advisable to have comfortable trainers or trekking footwear, mosquito repellent and, in the event of unfavourable weather, do not forget to bring a raincoat and waterproof shoe covers or rubber boots.
